

## Who are we?

Where there is Hager Group there is energy. As an independent, family-run and family owned business, we are one of the leading providers of services and solutions for electrical installations. Our services and solutions range from energy distribution, cable management and safety technology to intelligent building control – all around the world. Customers in 129 countries trust our components and solutions for residential, industrial and commercial buildings. They are developed, produced and marketed by around 11,650 employees at 28 locations around the globe – and, in the future, perhaps even by you. Use your energy intelligently. Join Hager Group now!
